Helping you to remain independent

Planning for the future can be daunting. As we age, we all hope to remain in our own homes and avoid the need to move into a residential care home. Confronting the possibility that there might come a time when we need extra support can cause a great deal of anxiety - especially around finding the money to pay for care.

Get the care you need at less than half the cost and unlock the means to fund it.

Paying for care can be expensive, and unless you qualify for support from your local authority, the cost of care is your responsibility.

TLC by Platinum Skies provides a unique solution to make your 'forever home' affordable and provides the means to pay for the care and support you may need.

Platinum Skies homes are available on a part-buy, part-rent basis, so our homeowners typically unlock more than £200,000 from their old home to fully cover the costs, whatever the future holds.
